PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 7 years of experience designing and shipping production-grade web applications across e-commerce, healthcare, SaaS, sports, and hospitality. Specialist in PHP, Laravel, and modern JavaScript front-end stacks (Alpine.js, Tailwind CSS). Proven track record leading projects end-to-end — from client scoping and architecture to deployment and team mentorship. Consistent record of delivering measurable outcomes: 700+ users acquired in Q1, 20% platform growth, 15% efficiency gains, and an award-recognised hospital platform.

SKILLS

Front-End: JavaScript (ES6+), Alpine.js, Tailwind CSS, Bootstrap, HTML5, CSS3

Back-End: PHP, Laravel, Symfony, Phalcon, MySQL, PostgreSQL, REST APIs, MVC Architecture, cPanel

Specialisations: WordPress, Multilingual & RTL Web Apps, Admin Panel Development, Booking & Payment Systems, E-Commerce Platforms, SaaS Development

Tools & Methods: Git, GitHub, Agile, Scrum, AWS S3, Third-Party API Integration

WORK EXPERIENCE

Full Stack Developer · OBII Kriationz Web LLP · *Bengaluru, India*

Jul 2024 – Present

- Lead the end-to-end delivery of Students Xerox — a Laravel, PostgreSQL, and AWS S3 e-commerce platform for professional printing — growing the platform from zero to 700+ active users in Q1 and achieving a 15% improvement in order processing efficiency.
- Lead development of Sevens Ground, a bilingual football court booking web application (English + Arabic RTL) for a Dubai-based client, integrating real-time availability, payment gateway, and a full admin panel for court and booking management.
- Architect and deliver the Motherhood Children's Hospital web platform in Laravel, integrating a third-party appointment booking API, doctor and speciality management, and a hospital locator — contributing to the hospital's recognition as ET Edge Best Mother & Child Brand 2025.
- Mentor junior developers through structured code reviews and technical coaching; deliver SEO-optimised WordPress websites for clients including Terrain Flooring, RKM Goa, and Digital Dopamine.

Software Developer · In2 Computing India Pvt. Ltd. · *Tirunelveli, India*

Jul 2023 – May 2024

- Designed and delivered PHP and Laravel client solutions from requirements to production deployment, integrating REST APIs and resolving front-end/back-end integration issues.
- Collaborated with cross-functional teams to scope features and manage delivery timelines, identifying integration risks early to reduce last-minute rework and maintain release schedules.

Software Developer · Touch Logic Technologies · *Tirunelveli, India*

May 2022 – Jul 2023

- Contributed to the Blazers.io SaaS ecosystem — a suite of six tools (WPBlazer, SiteBlazer, ProofBlazer, MonitorBlazer, InvoiceBlazer, SocialBlazer) — helping grow the platform by 20% in active users across 150+ customers, listed on Capterra and G2.
- Redesigned the WPBlazer front-end interface based on user feedback, measurably improving usability and engagement metrics.
- Built SiteBlazer from the ground up, enabling users to launch a fully hosted, cloud-scaled website in under two minutes.

Web Developer · Techzarinfo Software Solutions · *Tiruchirappalli, India*

Dec 2020 – Mar 2022

- Built and deployed full-stack PHP, Laravel, and MySQL web applications for multiple live client projects, integrating payment gateways and third-party APIs.
- Optimised back-end database queries and improved front-end application performance, enhancing load times and reliability across production environments.

Web Developer · Techsomo · Tirunelveli, India

Jun 2019 – Dec 2020

- Launched career delivering responsive PHP and WordPress web applications with mobile-first, cross-browser front-end and back-end features, establishing strong foundations in version control, agile workflows, and client communication.

KEY PROJECTS

Students Xerox — Online Printing Platform — *studentsxerox.com*

Laravel · PostgreSQL · AWS S3 · Alpine.js · Tailwind CSS · JavaScript

- Built a full-stack document upload pipeline with customisable print settings, payment gateway integration, and real-time order tracking. Grew to 700+ active users in Q1 with a 15% gain in order placement efficiency.

Sevens Ground — Sports Court Booking — *sevensground.ae*

Laravel · Alpine.js · Tailwind CSS · JavaScript · Payment Gateway · Arabic RTL

- Delivered a bilingual (English/Arabic RTL) football court booking application for Sevens Football Club, Dubai. Features real-time availability, full admin panel, and support for Artificial Grass, Natural Grass, and Box Cricket courts.

Motherhood Children's Hospital Platform — *motherhood.staging.vadakurri.com (staging)*

Laravel · Third-Party Booking API · Alpine.js · Tailwind CSS · JavaScript

- Engineered an end-to-end paediatric hospital web platform with appointment booking, doctor listings, hospital locator, and a CMS. Platform recognised as ET Edge Best Mother & Child Brand 2025.

Blazers.io — SaaS Ecosystem — *blazers.io*

PHP · Laravel · JavaScript · WordPress APIs

- Contributed to a six-product SaaS suite serving 150+ customers. Grew platform active users by 20%; products listed on Capterra and G2.

EDUCATION

B.Sc. Information Technology

2013 – 2016

Sadakathullah Appa College, Tirunelveli, Tamil Nadu, India
